**Re: Ex Parte Communication
WC Docket Nos. 07-135, 01-92, and 05-25; GN Docket No. 09-51**

Dear Ms. Dortch:

Yesterday, Charles McKee, Chris Frentrup and I of Sprint Nextel Corp. met with Randy Clarke, Al Lewis, John Hunter, Ted Burmeister, Lynne Engledow and Betsy McIntyre of the Wireline Competition Bureau to discuss intercarrier compensation reform. Consistent with its filings in the above-captioned dockets, Sprint urged the Commission to adopt measures to address traffic pumping; to clarify what services are subject to access charges (voice toll services) and which are not subject to access charges (VoIP and CMRS traffic); and to reform special access regulations. Sprint also explained why a ten-year glide path to a very low unified termination rate and ultimately to bill and keep is excessive and anti-competitive.

Pursuant to Section 1.1206 of the Commission's Rules, a copy of this letter is being filed electronically in the above-referenced dockets. If you have any questions, please feel free to contact me at (703) 433-4503.

Sincerely,

/s/ Norina Moy
